us help when required in raiding rowdy places and he promises to issuen ~~xxi~~ circular to his Insp ctors that, if required, police constables with latties might be sent with an Excise Sub Insp ctor in important cases ut that they must be commanded by a police officer in the superior grade (Sub Inspector or Inspector). He states that he did not see his way to allow reserve police to go out armed to which I agreed. I may here add that it often occurs that police Sub Inspectors or Inspectors are not available at a short notice. They too have their duties to perform and sometimes raids have to be made urgently. Although this may not be said to be entirely satisfactory, the knowledge that the Excise Department has the help of the police will have a good effect on the Abkari Offenders.

Assistant Commissioner,
Bellary division.

Abstract.

Excise - Establishment - South Kanara District - Sub-inspectors' Additional Peons - Sanctioned.

Revenue Department,

Order, 31 MAR 1928 G.O. Misc. No.724 dated the 30th March, 1928.

OFFICE OF THE COMMISSIONER OF EXCISE MADRAS

295 ABKARI

In his reference C.R. No.8755 Abk/27 dated 21st September 1927, the Commissioner of Excise has reported that illicit distillation and similar offences against the Abkari laws are prevalent to a large extent in the South Kanara district and has proposed that the preventive staff in that district should be strengthened by the appointment of 31 additional peons in certain ranges to assist the Sub-Inspectors of those ranges successfully to detect and prevent crime. The Government are satisfied that the additional staff proposed is necessary and accordingly sanction the employment of 31 additional peons on Rs. 12-18 (Rupees twelve to eighteen) each per mensem for employment in the sub-inspectors' ranges in that district.

2. This sanction has been registered as No. 57 of 1928-29. Necessary provision of funds has been made in the Budget Estimate for 1928-29.

AJ / S / C

SUBJECT Liquor - I. D. and Kindred offences Special steps for the prevention of crime - further report.

From A.C's Bellary and West coast Dns.

C Register No. 5743 alk/24

p 27 (M) With reference to para 4 of C's Proegs. 789 Alkari dated 21-4-27, the A.C. Bellary Dn. has reported the results of his interview with the D.S.P of Bellary in the matter of police help in the Detection pp 1-2 cf alkari cases. Please see pages 1-2 cf. No further action is necessary and the current (M) may be filed with the above Proegs.

2. While discussing the question of taking special steps for the checking I.D. crime, the A.C West coast Dn. in p 20 (M) February last recommended an additional staff of 31 peons for certain ranges of Mangalore, Udipi and Kasaragod circles. The p 27 (M) A.C. was asked to furnish certain statistics in regard to the ranges in questi

The statistics showing crime and consumption received from the A.C are in ©. It may be observed from it that I.D. crime is rife in all the ranges referred to, except in Gangolli and Baindur ranges of Udipi circle. In Gangolli range, however the Inspr. has recently put up an detected nine I.D. cases. In Baindur range, another commendable p/© during the last six years, only one I.D case was detected and that was in 1924-25. The licit consumption however in this range shows p/© a steady fall since 1922-23 and it is probable that this might be due to illicit distillation and that no great efforts have been made in the past to check this crime. Almost in all the ranges, consumption has considerably fallen. The number of assaults on officers in these ranges was 1 in 1923-24, in 1924-25 nil in 1925-26 3 in 1926-27 and in 1927-28. For orders whether Govt. may be addressed to sanction an additional establishment of 31 peons with effect from 1-4-28 and the proposal included in the Part II Scheme for 1928-29

The figures of crime clearly point to need for enhancement of the interim staff as suggested by the A.C. - The staff of Pe has retrenched & reduced from 6 to 4+3 for each range. Govt - may be addressed
